

We are committed to disseminating accurate and pertinent information to the market in a timely manner as part of good corporate governance. Our Investor Relations (IR) programme balances regular, effective and fair communications with Shareholders and the investment community with the need to safeguard commercial sensitivities. The IR team works closely with Senior Management to proactively carry out this engagement programme. Feedback and views gathered are regularly reported to Senior Management and the Board of Directors.

PROACTIVE COMMUNICATIONS

During the year, the IR team met 212 groups of investors, analysts and equity sales personnel. The team also addressed queries from investors through emails, telephone calls and the online enquiry form.

Besides face-to-face office meetings and conference calls, we also participated in 10 virtual investor conferences and non-deal road-shows in 2022. These platforms provide direct access to a wide cross-section of existing and new institutional investors from around the world. To reach out to retail investors in Singapore, an investor presentation was organised with a local stockbroker.

We also organised face-to-face briefings for the media and sell-side analysts for full-year results and conducted dial-in conference calls with sell-side analysts for the other quarterly announcements.

ComfortDelGro attracted active research coverage from sell-side analysts and the stock is now covered by 12 local and international research houses. Some 80 reports on the Company and the industry were published during the year. The IR team has regular interactions with the analysts to ensure a thorough understanding of our business models and strategies, operations and financial performance and growth opportunities.

Shareholders have the opportunity to interact with the Board and Senior Management at our Annual General Meeting. Voting is by way of electronic polling for greater transparency in the voting process and the detailed results are announced immediately at the Meeting and subsequently released to the Singapore Exchange.

All material announcements are posted in the IR section of the corporate website to ensure equal and timely access to information.
